Section 1 - Introduction

The Housing Authority of New Orleans' Department of Procurement and Contracts Procurement Policy ("Policy") is intended to be used as a reference guide for Agency Staff at the Public Housing Authority (PHA). Policies contained herein shall be followed in order to promote fair and equitable purchases, consistency, accountability, and efficiency within the procurement process. The Policy provides guidance to ensure Agency funds are expended in accordance with Federal laws, HUD regulations and state and local laws.

Clarification of the roles and responsibilities of the Housing Authority of New Orleans (HANO) staff and Managing Departments is an important component of this Policy. HANO staff and Managing Departments are defined as those within HANO's Central Office and properties and/or programs directly managed by HANO, including HANO subsidiaries. HANO's Affiliates (if any), third party contractors, including its Development Partners and Property Management Companies (PMCOs) are not bound to these policies unless a purchase is made by HANO on behalf of a third party asset management contractor. The policies included in this document are applicable to all HANO contractors, excluding Housing Choice Voucher Payments to contractors doing business with HANO, as well as HANO employees.

This manual is a living document, subject to future revisions and additions. As new or revised sections are developed, updates will be issued (*See Section 1.5 – Approval of Policies*).

1.1 Purpose

The Housing Authority of New Orleans' Board of Commissioners has adopted this Procurement Policy to: provide for the fair and equitable treatment of all persons or firms involved in procurement by HANO; assure that goods, services, and construction are procured efficiently, effectively and at the most favorable prices available to HANO; promote competition in contracting; provide safeguards for maintaining a procurement system of quality and integrity; and assure that HANO purchasing actions are in full compliance with applicable Federal laws, HUD regulations, and state and local laws.

HANO's Procurement Policy establishes internal controls to separate duties of those ordering, receiving and paying for goods, services, materials and supplies. Internal controls allow administrative flexibility while ensuring funds are properly expended.

1.2 Scope of Work

1.2.1 Funding Source

HANO receives federal, non-federal, and private funding. As such, in its procurement activities, HANO shall follow procedures designed to ensure compliance with applicable laws and regulations without necessarily imposing a higher standard than is necessary to ensure compliance.

Where a requirement in these Policies is based only on federal requirements, HANO's Director of Procurement and Contracts may, on a case-by-case basis for non-federally funded contracts, apply a less stringent standard than outlined in the federal requirements, provided, however, that it is otherwise consistent with applicable Policies and that all State or other legal requirements are met.

Nothing in these Procurement Policies will prevent HANO from complying with the terms and conditions of any grant, contract, gift, or bequest that is otherwise consistent with law.

1.2.2 Included in Scope

This Procurement Policy applies to all contracts and procurement actions undertaken by HANO and its subsidiaries. It shall apply to all public purchasing and expenditure of federal funds by the agency, including but not limited to, all HUD Funds, Grants, and Operating Subsidy. These items are exempt from competitive purchasing requirements, although, still require pre-approval in accordance with the procurement threshold. These transactions do not have to be justified as a Non-Competitive Procurement but may be obtained directly by an individual staff member with the approval of authorized personnel. Depending on the item, there may or may not be a contract or Purchase Order outlining the terms and conditions. If a contract or Purchase Order is required to outline the terms and conditions, it shall be labeled "Direct Pay."

1.3 Governing Laws and Regulations

1.3.1 Applicable Laws & Regulations

In adopting these Procurement Policies, HANO Board of Commissioners and Contracting Officer affirm that the policies are in compliance with all applicable federal, state, and local laws and regulations, which may include, but not be limited to, the following:

- a) 2 CFR § 200.317 Procurement Standards
- b) HUD Handbook 7460.8 REV 2, Procurement Handbook for Public Housing Agencies, dated 2/2007, as amended from time to time
- c) HUD's Annual Contributions Contract (ACC)
- d) Louisiana Public Bid Law, Revised Statute 38:2211, et. seq.
(for procurement of public works projects)

Where the above laws, regulations or procurement rules conflict, the more stringent law or rule should be applied. Exceptions to following the more stringent procurement rules include:

- a) **Geographic Preference:** Although some States impose certain geographic reference restrictions in the evaluation of bids or proposals, 2 CFR § 200.319 prohibits the use of geographic restrictions except in those cases where applicable federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts state licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.
- b) **Wage Requirements:** Federal wage determinations (Department of Labor Davis-Bacon and/or HUD-Determined Wage Rates) preempt any State prevailing wage rate when the State wage rate is higher than the applicable Federally-imposed wage rate (2 CFR §200.320).

Per the HUD Procurement Handbook, if Local Governing Body (LGB) is required to furnish the same public facilities and services to HANO and its tenants as other dwellings, HUD requires HANO obtain a Cooperation Agreement between HANO and the LGB. The LGB is required to cooperate with HANO in the development and administration of its projects, to accept dedications of lands for roads, alleys, and sidewalks and to provide water, storm and sanitary storm services for which HANO shall pay the same amount as private owners. These arrangements may require some flexibility in complying with HANO's procurement requirements.

1.3.2 HUD Handbook & Guidelines

Consistent with 2 CFR §200.105, effect on other issuances for federal awards, all administrative requirements, program manuals, handbooks and other non-regulatory materials that are inconsistent with the requirements of this Part must be superseded upon implementation of this Part by the Federal agency, except to the extent they are required by statute or authorized in accordance with the provisions in §200.102.

1.3.3 Changes in Laws & Regulations

In the event an applicable law or regulation is modified or eliminated, or a new law or regulation is adopted, the revised law or regulation shall, to the extent inconsistent with these Procurement Policies, automatically supersede these Procurement Policies, and the Director of Procurement and Contracts shall make appropriate modifications to HANO's Procurement Policies.

1.4 Responsibilities

The responsibilities of the following HANO employees are limited to their responsibilities related to procurement only and are not all inclusive.

- f) Ensure each assigned staff person understands procurement responsibilities, has been provided with sufficient training, and provided with ongoing supervision.
- g) Assist the Director of Procurement and Contracts in preparing the annual Procurement Plan.
- h) Assist the Director of Procurement and Contracts to evaluate the most economical, equitable, and efficient approach to a procurement, including whether to consolidate or split a procurement; where appropriate based on sound and documented business reasons, whether to lease or purchase items; and any other appropriate cost-benefit analyses. Procurements shall not be split in order to avoid various dollar thresholds related to the solicitation and selection process.
- i) Develop an Independent Cost Estimate prior to solicitation (*see Section 7.3 – Ensure Reasonable Cost*).
- j) Monitor the department's/site's annual budget and coordinate with the Finance Department, when necessary, to ensure there is sufficient funding. Review invoices received in a timely manner to ensure that:

1.5 Approval of Policies

1. Adoption by Board of Commissioners

The Procurement Policy shall be adopted by HANO's Board of Commissioners. Substantive policy changes will be amended via Board approval.

2. Self-Certification of Policies to HUD

2 CFR §200.324, authorizes a housing authority to self-certify its procurement policy to HUD. Such self-certification does not limit HUD's right to survey the procurement policy.

HANO certifies its procurement policy is in compliance with 2 CFR §200.317 and all applicable laws and regulations. Furthermore, the HANO Board of Commissioners has approved the policy.

3. Interpretation of Policies

In the event of an ambiguity, contradiction, or unforeseen situation not addressed clearly or directly in these Policies, the CEO, either directly or through the Director of Procurement and Contracts shall use his/her best professional judgment in making a decision that will best protect the interests of HANO, and ensure HANO's compliance with applicable statutory and regulatory requirements.

4. Policy Modifications

At a minimum, HANO's Procurement Policy should be reviewed and updated on an annual basis. The review should be concurrent with HANO's annual review of its procurement authority. Substantive policy changes that occur throughout the year must be incorporated into the Procurement Policy. Those changes must be presented to HANO's Board and incorporated into the appropriate section(s) of the policy. Policy changes should be made by the Director of Procurement and Contracts and tracked on the Procurement and Contracts Department Log as an Amendment to the Procurement Policy.

1.6 Public Access to Procurement Information

It is the responsibility of all HANO Department Directors/Asset Managers to review their budget prior to the approval of purchase requests to ensure funds are available and required purchases do not exceed the approved budget limit. If goods or services are requested and exceed the budget limit, the Department Director shall justify the expenditure and obtain approval.

This action is to ensure no single individual has control over multiple phases of the procurement process. Requisitions and Purchase Orders shall not be approved by the same individual.

2.5 Contract Authority

The CEO shall be and act as HANO's Contracting Officer, unless the function is formally re-assigned, in writing, by HANO's Board of Commissioners. All contract terms and conditions are reviewed and approved by the General Counsel prior to signature of the CEO. The General Counsel and the Director of Procurement and Contracts may, as necessary, participate in contract negotiations.

If HANO needs to execute a contract prior to the next Board of Commissioners' scheduled meeting, the CEO shall contact the President of the Board and provide a summary of the action and the reason for immediate execution of the contract. The officers, employees, and agents of HANO entity must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts.

4. Confidential Information

HANO employees shall not knowingly use confidential information for the employee's or another's actual or anticipated personal gain.

3.3 Gratuities, Kickbacks and Use of Confidential Information

All HANO solicitations and contracts shall include prohibitions against receipt of gratuities and kickbacks, pursuant to 2 CFR, Appendix II to Part 200 - Contract Provisions. These rules are designed to protect the integrity of the procurement system and to ensure that contracts are awarded fairly, based on merit, without improper influence.

The following shall apply to contracts financed in whole or in part with federal funds:

1. Two Year Prohibition

Within two years after an employee leaves HANO, HANO shall not contract with such employee if the employee was responsible for formulating policy or influencing decisions with respect to the project(s) being contracted for.

2. Waiver

For good cause, the Contracting Officer may request in writing a waiver of the two year prohibition requirement from HUD. The written request must include rationale explaining why the waiver is needed.

Section 4 – Procurement Planning

4.1 Annual Procurement Plan

As a part of its budget planning process for each fiscal year, the agency will review its record of prior year purchases, as well as its needs for the next fiscal year. Each Department in coordination with the Department of Procurement and Contracts and the Finance Department shall analyze the departments' budget and program plans, and prepare a preliminary listing of its procurement requirements for the upcoming fiscal year. The Department of Procurement and Contracts shall assist in the review by providing previous contracts to determine budget requirements for the upcoming fiscal year.

The Annual Procurement Plan should serve as a sequencing mechanism to plan procurement activities. The plan should assist in the Procurement Department in preparing a spend analysis, which will serve to utilize volume purchasing through intergovernmental and cooperative purchasing agreements.

Section 5 – Procurement Methods

This chapter describes the criteria for selection of the appropriate procurement method to be employed for each procurement action. The procurement method selected shall be based on the description of the purchase, estimated dollar value of the requirement for the department's budget for that fiscal year.

Competition Requirements/Prohibition against Bid Splitting:

HANO's Contracting Officer shall not break down requirements aggregating more than the small purchase threshold (or the Micro Purchase threshold) into multiple purchases that are less than the applicable threshold (commonly called 'bid splitting' or 'unbundling') merely to permit use of the small purchase procedures or avoid any requirements that apply to purchases that exceed those thresholds.

Contracting with Small and Minority Businesses, Women's Business Enterprises, and Labor Surplus Area Firms:

HANO must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms (if applicable) are provided contracting opportunities. Affirmative steps must include: (1) Place qualified small and minority businesses and women's business enterprises on solicitation lists; (2) Assure small and minority businesses, and women's business enterprises are solicited, if they are a potential source; (3) Divide total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation; Establish delivery schedules, if feasible, to encourage participation (5) Use the services and assistance of such organizations; and (6) Require the prime contractor, if subcontracts are to be let, to take the affirmative steps to contract with small and DBE/WBE businesses. The Contracting Officer should in document the reasons for breaking down purchasing requirements and include the documentation in the contract file.

5.1 Small Purchase Procedures (under \$150,000)

Small purchases threshold shall be used for purchases up to \$149,999. Contracts that meet the definition of Public work meaning the erection, construction, alteration, improvement, or repair of any public facility or immovable property owned, used, or leased by a public entity, as defined in Louisiana Public Bid Law, Revised Statute 38:2211, et. seq., and are less than \$150,000 may be made in accordance with the small purchase procedures.

Purchases shall not be divided so as to make it possible to purchase under this policy, except as may be reasonable and necessary to contract with small and disadvantaged-owned businesses, women business enterprises, labor surplus area businesses, and individuals or firms located in or owned in substantial part by persons residing in the area of HANO's development sites or other Section 3 owned businesses.

Contracts by local political subdivisions and local governmental entities for purchases of materials and supplies with a value of \$30,000 or more must be advertised and let for contract with the lowest responsible bidder. Purchases of \$10,000 or more, but less than \$30,000 dollars, shall be made by obtaining not less than three telephone or facsimile quotations.

5.1.1 Small Purchases of \$3,000 or Less (Micro-Purchases)

Purchases involving an expenditure of \$3,000 or less may be made after obtaining one price quotation, if the price received is considered reasonable. Contractor catalogs, as well as previous purchases, where applicable, of the same or similar item should be considered in determining price reasonableness. To the extent practicable, such micro-purchases must be distributed equitably among qualified sources and if practical, a quotation shall be solicited from other than the previous source before placing a repeat order.

Micro-Purchase Threshold for Construction Services is \$2,000, and is subject to the Department of Labor Davis-Bacon and/or HUD-Determined Wage Rates), as outlined in 2 CFR §200.320).

5.1.2 Small Purchases between \$3,000 and less than \$10,000

Purchases involving an expenditure of \$3,000 and less than \$10,000 may be solicited by obtaining three telephone or facsimile quotations from qualified sources. Quotations may be solicited orally, by telephone, or in writing. At a minimum, written documentation shall include the company name, phone number and amount of quote. The PO shall act as the contract and confirmation of acceptance offer. The PO shall be part of the purchase file. If quotations lower than the accepted bid are received, the reasons for their rejection shall be recorded in the purchase file.

Before making an award of a PO a cost analysis shall be performed to establish fair and reasonable profit. If only one quote is received a statement of reasonableness in the contract file. The statement must be based on market research, comparison of the proposed price with prices found to be reasonable on previous purchases, contract price lists, catalogs, or a comparison of similar items.

5.1.3 Small Purchases of \$3,000 and Less than \$150,000

Purchases between \$30,000 and less than \$150,000 for professional services or construction services, and materials, equipment and supplies shall be made through a Request for Proposals (RFP) or Request for Quotes (RFQ) process where a solicitation will be issued to a minimum of three contractors.

Purchases for materials, equipment and supplies must be published in the local media outlet of record in accordance with LA Louisiana Public Bid Law, Revised Statute 38:2211, et. seq.

Contracts that exceed \$10,000 shall include termination for cause/convenience by HANO, the manner by which it will be effected and the basis for settlement.

5.2 Sealed Bidding

HANO may publicly solicit sealed bids and obtain a firm fixed-price contract (lump sum or unit price) and award to the bidder who submits a bid in accordance with the requirements outlined in the Invitation for Bids, is the lowest responsive bid, and bidder is deemed responsible. Sealed bidding is the preferred method for procuring construction services and supplies, as well as non-complex service contracts in excess of the small purchase threshold.

Specifications

A complete and realistic specification or purchase description shall be adopted and available to bidders. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. HANO will endeavor in formulation of specifications, advertisements, etc., to incorporate a clear and accurate description of the technical requirements for product or service to be procured. Such description shall not in competitive procurements, contain features that unduly restrict competition. The description may include a statement of the qualitative nature of the product to be procured, and when necessary, shall set forth those minimum essential characteristics and standards that it must conform to if it is to satisfy its intended use. HANO shall identify all requirements that the vendors must fulfill and all other factors to be used in evaluating bids or proposals.

5.2.1 Construction Contracts

The Housing Authority shall procure construction services defined as public works project, in the amount of \$150,000 or greater, in accordance with Louisiana Public Bid Law, Revised Statute 38:2211, et. seq.

5.3 Request for Proposals

5.3.1 Conditions for Use

The competitive proposal method of procurement shall be used for procurements for professional services contracts and services contracts where HANO determines that the sealed bid method of procurement is inappropriate.

5.3.2 Solicitation

The Request for Proposals (RFP) shall be advertised and published once each week for the two weeks preceding submission due date and time in a newspaper in the locality. In addition, HANO shall also publish the advertisement on its agency website which is available to the general public. Further, the first advertisement should, where feasible, be at least 25 days prior to the proposal submission due date and time and cannot be made on a Saturday, Sunday, or legal holiday. The Director of Contracts and Compliance may determine that a lesser period of advertisement is acceptable. Under no circumstance, can the first advertisement be fewer than 15 days prior to the proposal submission due date and time. The advertisement must specify the date, time, and location of the place for receipt of proposals. The advertisement shall also state where the RFP can be obtained by interested parties. Copies of the RFP must be made available on the first day of the advertisement and until 24 hours before the submission due date and time.

5.3.3 Proposal Evaluation

The RFP shall clearly identify the relative importance of price and other evaluation factors including the weight given to each factor. A mechanism for fairly and thoroughly evaluating the technical and price proposals shall be established before the solicitation is issued, and the proposals shall be evaluated only on the criteria stated in the RFP. All proposals received shall be evaluated by an evaluation committee approved by the CEO.

5.3.4 Receipt of Proposals

Proposals shall be date and time stamped when received in the Department of Procurement and Contracts. Proposals shall be held unopened in a secure place until such time as the established date for receipt of proposals has passed. Since proposals are submitted in confidence and may contain proprietary information (such as trade secrets or other confidential business information regarding the offeror's approach to the work), they are not opened publicly. After the closing date, all proposals received are opened and evaluated in confidence. Proposals and any changes to those proposals are shown only to HANO personnel authorized by the Contracting Officer as having a legitimate interest in them on the condition that information in the proposals will not be released to anyone who has not been so authorized.

5.3.5 Negotiation

Unless HANO makes a written determination to make contract award without negotiations, based on initial proposals received, negotiations shall be conducted with all offerors who submit proposals determined to have a reasonable chance of being selected for award, based on evaluation against the technical and price factors, as specified in the RFP. Such offerors shall be accorded fair and equal treatment with respect to any opportunity for negotiation and revision of proposals. The purpose of negotiations shall be to seek clarification with regard to and advise offerors of the deficiencies in both the technical and price aspects of their proposals so as to assure full understanding of and conformance to the solicitation requirements. No offeror shall be provided information about any other offeror's proposal, and no offeror shall be assisted in bringing its proposal up to the level of any other proposal.

Offerors shall not be directed to reduce their proposed prices to a specific amount in order to be considered for award. A common deadline shall be established for receipt of proposal revisions (Best and Final Offers) based on negotiations.

5.3.6 Award

After evaluation of each proposal, including revisions (Best and Final Offers), if any, the contract shall be awarded to the responsible firm whose qualifications, price and other factors considered, are the most advantageous to HANO.

5.4 Request for Qualifications

In the selection of A/E services (and certain development services as allowed in the Federal regulations), the Request for Qualifications (RFQ) based method of selection, where price is not used as an evaluation factor, may be used. Selection shall be made based on the established evaluation factors subject to negotiating a fair and reasonable fee. All other requirements related to the solicitation and handling of proposals shall be the same as Request for Proposals, and shall apply.

5.5 Non-Standard Procurement

Non-Standard Procurements are defined as HANO's approved alternative methods to procure goods and/or services outside of standard issuance of purchase orders and contracts. Non-Standard Procurement methods include: Employee Reimbursement, Credit Card(s), Store Credit, Fuel Card(s), and Petty Cash. Use of non-standard procurement methods for personal use is strictly prohibited.

The table below outlines the appropriate and approved uses of each type of non-standard procurement:

Non-Standard Procurement Method	Authorized Expenditures	Expenditure Limit(s) (per transaction)
Credit/Purchasing Card(s)	Purchase of low-value supplies and services that cannot practically be purchased under the micro-purchase method for Small Procurements or for approved emergency or expedient procurements.	\$0 – \$7,500
Store Credit	<i>See authorized credit card expenditures described above.</i>	\$0 – \$1,500
Petty Cash	Purchase of low-value supplies and services that cannot be practically purchased under the micro-purchase method for Small Procurements or for approved emergency or expedient procurements.	\$0 – \$75.00

5.6 Non-Competitive Procurement

5.6.1 Conditions of Use

Procurements shall be conducted competitively to the maximum extent possible. HANO may procure noncompetitively only when award of a contract is not feasible using small purchase procedures, sealed bidding, or the competitive proposal method, and one of the following applies (regardless of amount):

- a) The item is available only from a single source, based on a good faith review of available sources;
- b) The public exigency or State of Emergency has been declared;
- c) HUD authorizes the use of non-competitive proposals; or
- d) After solicitation of a number of sources, competition is determined inadequate.

If a proposal is submitted for a non-competitive procurement, the contract shall be evaluated and the technical and cost aspects of the proposal shall be negotiated. Emergency construction services that exceed \$150,000 and meet the definition of Public Works shall be procured pursuant to Louisiana Public Bid Law, Revised Statute 38:2211, et. seq.

5.6.2 Requirements for Emergency Procurements

An emergency exists that seriously threatens the public health, welfare, or safety, or endangers property, or would otherwise cause serious injury to HANO, as may arise by reason of a flood, earthquake, epidemic, riot, equipment failure, or similar event. In such cases, there must be an immediate and serious need for supplies, services, or construction such that the need cannot be met through any of the other procurement methods, and the emergency procurement is limited to those supplies, services, or construction necessary simply to meet the emergency;

When contract action is taken pursuant to telephone or other oral offers, a written confirmation of the accepted offer shall be obtained and made a part of the contract file. In addition, whenever contract action is taken, a record shall be established which shall contain, at a minimum, the following information with respect to each offer:

- a) A description of the work to be performed;
- b) The name and address of each offeror quoting, and the performance time and terms of each offer;
- c) If quotations lower than the accepted quotation are received, the reasons for their rejection shall be recorded and made a part of the contract file. Such records shall be retained in accordance with all applicable laws, regulations, and HANO policies.

5.7 Cooperative Purchasing

Procurement purchases may be fulfilled through existing State and/or General Services Administration (GSA) contracts and other inter-governmental agency purchasing agreements to avoid duplicative purchases and encourage shared goods and services between agencies.

HANO's procurement files must contain a reference to the State or GSA contract number.

Section 6 –Contractor Management

6.1 Contractor Registration

Businesses interested in doing business with the Housing Authority of New Orleans can register on-line through HANO's website. Contractors who register online will receive notice of solicitations requesting goods or services. Contractors are not required to register to participate in procurement opportunities. However, all contractors contracted to do business with HANO must complete a Contractor Setup Form.

6.2 Contractor Setup

All contractors should register on the HANO website through the Contractor Registration Process.

A Contractor Setup Form must be completed for contracts awarded. The form must be reviewed and approved by the requesting Department Director, CFO and Director of Procurement and Contracts prior entering the contractors information into HANO's Financial Database. The Department of Procurement and Contracts shall enter and maintain Contractor data/information in HANO's financial data system.

To ensure the integrity of this process, a HANO employee with access to authorize payments (Accounts Payables - Finance Department) may not also be authorized to create, modify, or delete a contractor, which is a function of the Procurement and Contracts Department.

6.3 Contractor Maintenance

At a minimum, HANO should review its Contractor Registration and Setup Database on an annual basis to ensure contractor information is current. Contractors active within the last 24 months should be maintained, in the database, by the Procurement and Contracts Department. Contractors not utilized since the last review should be deemed inactive.

The Department of Procurement and Contracts, in conjunction with the Finance and IT Departments are responsible for an annual review and update to the database. Contractor information that requires an update must be completed on the Contractor Update Form, and signed by the requesting department director, CFO and Director of Procurement and Contracts.

Section 7 –Contracts

7.1 Eligibility to Contract with HANO

Determination of Contract Responsibility and Debarment Status Review

The Department of Procurement and Contracts shall perform due diligence verifications prior to award of any contract exceeding the threshold of \$10,000 and document contractor responsibility. Consideration will be given to such matters as contractor integrity, business judgment, compliance with public policy, record of past performance, and financial and technical resources and any other factors which could be reasonably related to being relevant to successful performance of the contract.

In addition, the Department of Procurement and Contracts shall ensure, prior to award of a contract that the proposed business has not been debarred, or otherwise declared ineligible for award, by an applicable regulatory agency. The following non-exclusive sources shall be reviewed when required.

HANO shall not be required to perform criminal background checks on contractors, vendors or subcontractors. Each bidder shall be required to attest that he has not been convicted of, or has not entered a plea of guilty to nolo contendere to any of the crimes or equivalent crimes listed in the preceding paragraph. It shall be the responsibility of any person, company, or entity making an allegation of false attestation to present prima facie proof to HANO supporting their claim. If evidence is submitted substantiating that a false attestation has been made and the project must be re-advertised or the contract cancelled, the awarded entity making the false attestation shall be responsible to HANO for the costs of rebidding, additional costs due to increased costs of bids and any and all delay costs due to the rebid or cancellation of the contract.

Should HANO uncover information about a bidding entity that would be cause for debarment, suspension, exclusion, or determination of ineligibility for award of a contract, it shall report and submit supporting documentation to the applicable regulatory agency.

7.1.3 Notice of Proposed Disqualification

The following sections shall only apply to procurements done in accordance with Louisiana Public Bid Law as promulgated in R.S. 38:2211, et. seq.

This notice must be sent prior to award of a contract.

The notice shall state specific reasons for the proposed disqualification. The notice shall also inform the bidder of its right to an informal hearing at which time the bidder will be afforded the opportunity to refute the reasons for the proposed disqualification. A copy of the due process hearing decision notice shall be sent to the bidder by fax, email, regular mail, and by certified mail return receipt requested.

HANO shall preserve the records including any written notices, communications, supporting documentation, informal due process hearing decisions, and any other records in connection with a disqualification for at least 1 year from the date of final decision.

7.2 Employment Training and Contracting Policy

Section 3 Policy Statement

Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701, et seq.) (the "Act") requires the Housing Authority of New Orleans to ensure that employment and other economic and business opportunities generated by financial assistance from the Department of Housing and Urban Development ("HUD"), are directed to public housing residents and other low income persons, particularly recipients of government housing assistance, and business concerns that provide economic opportunities to low and very low income persons.

Pursuant to Board Resolution Number 2012-05, the Housing Authority of New Orleans' (HANO) HANO hereby reaffirms its commitment of ensuring that all contractors and any tier subcontractors that are awarded a contract of \$100,000 or greater by HANO for work generated through the expenditure of HUD funding shall take all necessary and reasonable steps to provide meaningful, full-time, permanent employment and training to Section 3 residents. It is further reaffirmed that all contractors and any tier subcontractors that are awarded a contract of \$100,000 or greater for work generated through the expenditure of HUD funding shall take all necessary and reasonable steps to provide contracting opportunities to Section 3 business concerns.

It is further reaffirmed that all contractors and any tier subcontractors that are awarded a contract in excess of \$100,000.00 by HANO for work generated through the expenditure of HUD funding shall take all necessary and reasonable steps to provide business opportunities to Disadvantaged Business Enterprises (DBEs), Women Business Enterprises (WBEs) and Section 3 business concerns.

HANO, in accordance with applicable laws and regulations, has established employment and training requirements that contractors and subcontractors are expected to meet in order to comply with Section 3 requirements. HANO's Section 3 requirement is thirty percent (30%) of any new hires for the term of the contract shall be Section 3 eligible workers, and 10% (construction) or 3% (non-construction) of the value of the contract shall be awarded to Section 3 eligible Businesses. It is the contractor's responsibility to implement progressive efforts to attain Section 3 compliance. Failure to attain Section 3 compliance in accordance with their contract will subject them to penalties including, but not limited to, the withholding of payments.

DBE/WBE Policy Statement

Consistent with Presidential Executive Orders 11625, 12138, and 12432, and as promulgated in 24 CFR Part 85 and in the Housing Authority of New Orleans' (HANO) Board Resolution Number 2012-05, HANO hereby modifies the numerical requirements relative to contracting with Disadvantaged Business Enterprises (DBEs) and Woman Business Enterprises (WBEs) and reaffirms its commitment of ensuring that all contractors and any tier subcontractors that are awarded a contract of \$100,000 or greater for work generated through the expenditure of HUD funding shall take all necessary and reasonable steps to provide Disadvantaged Business Enterprises (DBEs) and Woman Business Enterprises (WBEs) with the maximum opportunity to participate in the performance of contracts awarded by HANO.

HANO's DBE requirement is 20% of the value of the contract will be awarded to DBEs and 5% of the value of the contract will be awarded to WBEs.

Summary of Requirements

Requirements	Section 3 Hiring	Section 3 Training & Internship	DBE Contracting	WBE Contracting	Section 3 Contracting
	30% of new hires	Paid Training and Internship Spots as listed in Chart on Page 17	20% of the value of the contract	5% of the value of the contract	10% of the value of construction contracts 3% of the value of non-construction contracts

These requirements apply to all prime and subcontractors where the value of the contract with HANO is \$100,000 or greater.

7.3 Ensuring Reasonable Cost

7.3.1 Purpose and Definitions

As a public agency accountable to both public and governmental funding agencies, HANO is committed to ensuring that the costs paid for obtaining necessary goods and services are reasonable and that HANO's interests are adequately protected.

Definitions:

Independent Cost Estimate - An estimate of the anticipated costs of a contract or contract modification, prepared by HANO staff or an independent entity, that assists HANO in evaluating costs submitted by a contractor

Price Analysis - A written review and evaluation of competitive prices received by HANO to determine whether the proposed price of a Contractor is reasonable when compared with prices provided by others in the market. A Price Analysis should be performed for all small procurements under \$150,000, when price is the only selection criterion used for selecting a vendor.

Cost Analysis - A written review and evaluation of contractor proposed costs for a contract or contract modification. A Cost Analysis is required whenever price is not used as the only selection criterion for award of a contract.

Thresholds for Application of Reasonable Cost Assurance

1. Non-Federally Funded Contracts Threshold

The requirements for written Independent Cost Estimates, Cost Analysis, or Price Analysis on non-federally funded contracts shall only apply if the estimated or actual dollar amount of the contract or contract modification equals or exceeds \$150,000. However, HANO staff should exercise prudent and conservative judgment when evaluating cost reasonableness of an expenditure of less than \$150,000.

2. Federally Funded Contracts Threshold

All purchases over \$3,000 shall require written Independent Cost Estimates, Cost Analysis, or Price Analysis on federally funded contracts. However, HANO staff should exercise prudent and conservative judgment when evaluating cost reasonableness of an expenditure of less than \$150,000.

3. Direct Payments

Transactions defined on the Direct Payments, based on the nature of the transactions, are exempt from the requirements of conducting Independent Cost Estimates, Cost Analysis, or Price Analysis.

7.4 Criminal Background Checks in Employment Screening

HANO is committed to offering employment opportunities to qualified applicants with criminal convictions on HANO funded projects.

No applicant for employment should be automatically barred from employment on a HANO funded project because of his/her criminal background. Instead, any criminal conviction must be evaluated in its full context, including a consideration of the nature and gravity of the conviction, the amount of time elapsed since the conviction, and the nature of the job sought, among other factors, unless Louisiana or federal law specifically prohibits hiring a person with that particular kind of work.

Section 8 –Procurement Processes

8.1 Purchase Requests (Requisition)

The Department of Procurement and Contracts shall not to initiate any unilateral action to procure goods or services without a purchase request. All purchase requests must be authorized by the director of the requesting department, the Finance Department, and may require the authorization of the CEO, prior to any action by the Department of Procurement and Contracts.

It is the responsibility of the director of the requesting department to name and approve the employees in their department who initiate purchase requests.

8.2 Contract Development Processes

8.3 Receipt of Goods and Services

This policy defines the manner in which goods and services are received by HANO to assure that the quality, amount, and price of the goods and services received are correct, and that payment is made only for goods and services that are actually received. Each HANO Department should have an authorized Receiver who is authorized to receive goods and/or services on behalf of HANO. The Receiver is responsible for assuring that such goods and services are received in the manner and quantity ordered. For all purchases, the receiving department must notify Accounts Payable by acknowledging receipt of the goods and services. The Department Director is responsible for assuring that such receiving verification and notification occurs within the department.

Department Directors shall verify the invoice submitted by the Contractor and provide and supporting documentation to the Finance Department so that payment can be issued.

Section 9 –Contracting Processes

9.1 Types of Contracts

HANO may choose to use form HUD-5370 in lieu of the HUD-5370-EZ if the former is more appropriate given the nature of the work.

For all construction contracts greater than \$150,000, HANO shall incorporate the clauses contained in form HUD-5370, General Conditions of the Contract for Construction and the applicable Davis-Bacon wage decision.

2. Non-Construction Contracts

HANO must provide hard-copies of any referenced clauses, forms, and/or wage decisions upon request.

Contractors shall maintain records relating to the contract for a period of at least three years after final payment has been received and all matters pertaining to the contract are closed. If any claims or litigation are involved, the records shall be retained until all issues are satisfactorily resolved or three years has passed, whichever is the latter.

9.2.2 Required Contract Clauses

Contracts awarded shall include, at a minimum, all clauses, terms, and conditions required by 2 CFR §200.326.

HANO's General Counsel must approve all draft contracts before transmittal and execution by the Contractor and HANO's Contracting Officer. Any Contractor feedback on the terms and conditions should be vetted through the General Counsel before a contract is updated or executed.

In addition, the overtime requirements of the Contract Work Hours and Safety Standards Act are applicable to construction contracts in excess of \$150,000. For record keeping, HANO shall retain all payroll reports and statements of compliance for three years from the date of contract completion and acceptance by HANO, or from the data of resolution of any standards issues outstanding at contract completion.

2. Maintenance
